

# Hazardous Materials Incident

Due particularly to our proximity of State Route 78, our site may be subject to the effects of toxic clouds from chemical spills. Consider the following:

1. Assemble your Command Staff immediately
2. Follow police/fire instructions as to the direction to take in the evacuation, as well as the immediacy of same.
3. Conduct an evacuation and accountability exercise.
  - a) Assure full student/staff accountability.
  - b) Collect emergency backpack/crisis box with emergency cards for student release.
4. Arrange an orderly march in the appropriate direction upwind away from hazard and move out, with a destination in mind.
5. If necessary staff drive students to new location.
6. Arrange for destination site to prepare a student assembly area and release stations.
  - a) Evacuation Considerations:
    - Don's Market or Inaja Park
    - Julian Library or William's Ranch Rd.
7. Contact "Chatter" to release info to relative to pick up site and next day school situation (open or closed).
